

# Summer Reading Response Sheet for 5th grade

Your first assignment for 5<sup>th</sup> grade will be a summer reading activity. This will help your new Language Arts teacher get to know you and the types of books you like to read. Please choose *one fiction* book to read over the summer. After you have finished reading your book, write a letter to your teacher making sure to include the information below. Have a great summer and keep reading as much as possible!

---

- ① Write a letter about the book being sure to include a brief summary, any connections you made, and tell about one character you liked and one you disliked and why.
- ② Be sure to include the author, title of book, and number of pages in your first paragraph.
- ③ Your letter must be in final form. This means that the letter is at least three paragraphs long, it is well written, and you have revised it. Character's names and the title of the book are correctly spelled, and you have used appropriate capitalization and punctuation throughout.
- ④ Please remember to bring the completed letter to your August testing date.
